

FLORIDA HELPS FOUNDATION

Mr. Emory Bottorff

Emory was born and raised in Southwest Florida. He has lived all over the country, but returned to his home town to raise his family. A true "Florida Cracker", Emory was taught at a very early age that helping others was just a part of life. Emory has been involved in community service all his life. More recently, he has been a leading volunteer and raised funds for the Ft. Myers American Little League, St. Michaels Lutheran Church and School, Boy Scouts of America, Lee County Memorial Children's Hospital, Muscular Dystrophy, American Heart Association, and several others. He also spent several years on the Board of Directors of the Edison Festival of Light along with 4 years on their Executive Board. He has many years of experience in show and event promotion and logistics and combines this with a love for helping others.

Emory is now working closely with the Florida Helps Foundation as its Vice President for SW Florida operations and member of the Board. His own words best sum up his strong and selfless drive for community service ... "I feel truly blessed to be a part of an organization with no hidden agendas and a true desire to benefit others".
